

# **Welcome to the VMF/VMA-124 and VMF-155 Reunion**

The following is the itinerary for what we trust will be a time of reflection, renewing acquaintances, learning, relaxing, and enjoying the beauty of Colorado Springs and the surrounding area. Colorado Springs is blessed with three major military installations: Fort Carson, Peterson AFB, and the U.S. Air Force Academy. Located 13 miles east of Colorado Springs is Schriever AFB, a major installation that is used for controlling some of our military satellites, as well as the Missile Defense Agency. This visit is intended to acquaint you with the various aspects of the major commands' mission and training provided to our troops. We sincerely hope you enjoy your visit.
